

**Consulate General of Pakistan
Toronto**

Press Release

The Consulate General of Pakistan is organizing lectures on Pakistan Studies to raise awareness about Pakistan's accomplishments and potential in various fields and to honour the memories of our founding fathers. As part of the series, our second lecture will be on "**Science and Technology in Pakistan and the Islamic World: Strategies for International Cooperation**".

The lecture will be delivered by Dr. Mohammad Iqbal Chaudhry, a Pakistani scientist and scholar in the field of organic chemistry.

Dr. Chaudhry is known for his research in various areas relating to natural product chemistry. He has more than 800 research publications including 32 books published, and 24 patents. He has been awarded the Tamgha-e-Imtiaz, Sitara-e-Imtiaz, and Hilal-e-Imtiaz. In 2015, he was recognized as the second most productive scientist in Pakistan. He is currently the Director of International Center for Chemical and Biological Sciences, Karachi University:

Venue: Sears Auditorium, George Vari Engineering and Computing
Centre, Third Floor, Ryerson University, 245 Church Street,
Toronto, ON M5B 1Z4
Date: 2 August 2017
